Seed-Ball Making Workshop

Semester I & III

Specialization: All

Program Conducted By Community Service Unit

Day & Date: Monday, 13th August 2018

Time: 2:00PM to 3:00PM

Report

The institute conducted a seed-ball making workshop on Monday 13th August as a part of various environment friendly initiatives and awareness programs. The activity was conducted by Ms. Rashmi Joshi, an established academician who is currently acting as a consultant for various educational institutions for environment related activities as well as waste management.

The students were guided on how to take care of seeds and ensure their viability. They were explained in detail how to prepare seed-ball using clay and soil and the various nuances to be taken care of while preparing them.

The activity was organized and conducted by the institute's Community Service Unit.
